REPORT

ON THE

Administration

OF THE

JAISALMER STATE

FOR THE YEAR

1936-37.

(1st. November, 1936 to 31st. October 1937.)

L. R. Sikund,

Dewan, Jaisalmer State.

PRINTED AT SHREE JAWAHIR PRINTING PRESS,

JAISALMER STATE.

To,

His Highness Maharajadhiraj Shri Maharawalji
SIR JAWAHIR SINGHJI SAHIB BAHADUR, K. C. S. I.,
OF JAISALMER.

Dated, Jaisalmer, the 2nd February, 1940.

May it please Your Highness,

I beg most respectfully to submit the Annual Administration
Report of Your Highness' State, for the year ending the 31st
October, 1937.

I beg to remain,
Your Highness' most humble and obedient servant,

L. R. Sikund,

Dewan, Jaisalmer State.

Report on the Administration of Jaisalmer State for the year 1936-37.

CHAPTER I.

1. The State of Jaisalmer covers an area of about 16,062 square miles. Its population according to the last census of 1931, is 76,255, and its gross revenue, based on the average of the last five years, is Rs 23,111 Akheshahi and Rs 3,86,152 Kaldar. It has not to pay any tribute to the Imperial Government and it may be added that it has never done so either to any foreign or internal power.

General and
Political.

2. The Rulers of Jaisalmer are descended from the ancient Yadu kings of the Lunar race. The most illustrious Ruler of the line was the deified hero, Shri Krishna who ruled at Dwarka and who was one of the greatest rulers, statesmen, generals, thinkers and philosophers that world has ever seen. One of the most venerable and prized heir-looms of the House of Jaisalmer is the 'Meghadambar' (an umbrella which, according to tradition, Shri Krishna used on occasions of State) and which is being similarly used upto the present day, by his lineal successors. The Ruler of Jaisalmer is hence styled "CHHATRALA YADAVA PATI", the canopied Lord of Yadavas. The eight-metalled umbrella which surmounts Jaisalmer Fort Palace towering high above the venerable walls of the historic hill fort, is emblematic of the Meghadambar and is indicative of the proud position which the House of Jaisalmer occupies as the Head of the Lunar race and its off-shoots.

3. The valour which the Bhati Princes of old displayed in repelling the successive waves of Mohamedan invasions earned for them and their descendants, the proud title of "UTTAR BHAR KINWAR BHATI" that is, Bhaties the mighty portals of the north (of India).

4. Jaisalmer is connected by marriage with Udaipur, Jodhpur, Bundi, Bikaner, Kotah, Kishengarh, Sirohi, Dhrangadra and Narsingarh.

5. His Highness Maharajadhiraj Shri Maharawalji Sir Jawahir-Singhji Sahab Bahadur, K.C.S.I., the present ruler, succeeded to the Gadi in 1914. Her Highness Hadiji Sri Kalyan Kanwariji Sahiba is the senior Maharani and the junior Maharani is Her Highness Sri Sodhiji Sahiba. His Highness' heir-apparent Maharaj Kumar Sri Girdhar Singhji Sahab by Maharani Sri Sodhiji Sahiba, has completed his 30th year. His Highness' second son Maharaj Kumar Sri Hukam Singhji Sahab, by Maharani Sri Hadiji Sahiba, was born on the 14th of February 1927. His Highness has a grand-son Bhanwar Sri Raghunath-Singhji Sahib Bahadur born on the 28th November 1929.

6. The nearest relatives of the Ruling Family are called Rajvis and their names are given below:—

- (a) Thakuran Raj Shri Gopal Singhji Sahib and Thakuran Raj Sri Narayan Singhji Sahib representing respectively the senior and junior branches of Duddhu. The former has a son Kanwar Khengar Singhji born on 5th July 1923 and the latter has a son Kanwar Madho Singhji, born on 2nd January 1918.
- (b) Thakuran Raj Sri Gordhan Singhji, Sahib of Nachna
- (c) Thakuran Raj Sri Narayan Singhji Sahib of Lakhmana, adopted son of late Thakuran Raj Sri Shivdan Singhji Sahib.

7. Those relatives who, owing to their lineage or to their adoption, are comparatively remote in relationship, are called Rawlots. The Thikanas are as under:—

Tota, Sato, Bhadria, Loharki, Uwai, Ola, Kanod and Pithal.

H. H's Tour.

8. His Highness accompanied by the Dewan visited through several Hakumats during the year under review.

Visit of the Resident, W. R. S.

9. Lt. Col. H. M. Wightwick, I. A., Resident, Western Rajputana States, paid a visit to Jaisalmer, arriving here on the evening of the 10th January 1937 and returning on the morning of the 14th Idem.

Change in the Administrative Machinery and personnel.

10. There was no important change in the personnel of Administrative machinery of the State.

CHAPTER II.

Administration of Land.

11. Land Revenue is, as a rule, taken in kind. The system of payment in kind instead of in cash, is better suited to the existing local conditions and affords automatic relief to cultivators in years of deficient rain-fall.

12. The rate of assessment—sixth of the out-turn of Kharif and fifth of that of Rabi—are low and the ryots find no difficulty in paying the State dues.

13. Actual out-turn of the Rabi and Kharif crops was 7 and 6 annas in the rupee respectively as estimated last year.

14. The estimates for the next financial year are 1 and 3 annas in the rupee for the Rabi and Kharif crops respectively.

CHAPTER III.

Protection and Legislation.

15. The Laws in Jaisalmer are not codified. Local usages and customary laws are generally followed and in cases where they do not

differ from the laws in force in British India, due regard is paid to the principles of the latter.

16. As the Military are often required to do the duties of the Police and the Police of the Military, and as they have also to perform other civil duties when necessary, it is hardly practicable to draw a distinct line of demarcation between the two, and no attempt has, therefore, been made to fill in Appendices III and IV.

Military and
Police.

17. The State Troops in the town guard the Record, Treasury, the Darbar Palaces and Bhandars, the Jail, Citadel gates etc., and they also perform Police and other civil duties. In the Hakumats also they do combined duties. Both the Military and Police are armed with swords and smooth bore guns.

18. The total strength of the State troops (Police and Military) was 504 against 502 in the preceding year. Such of the men as were utilized for dacoity suppression formed a separate Mehkma called 'Gerai'. The rest worked in different Hakumats. The cost, therefore, has been distributed under the heads ' Military and Hakumats '.

19. A reference to Appendix VII will show that comparatively such petty offences as hurt, mischief and Criminal trespass accounted for 224 out of 355 offences reported to have been committed during the year under report. There were 24 of Criminal misappropriation, 53 of theft, mostly cattle lifting and 2 of robbery. Like last year no case of dacoity was recorded during the year. The value of property stolen (such reports are often exaggerated) and of recoveries made, amounted to Rs 2,609/8/- and 1,393/15/- respectively against Rs 3,467 and Rs 2,502 respectively of last year.

20. The number of Criminal Courts in the State is given in the subjoined table:—

Criminal Justice.

Courts.								No.
Hakumat Courts	17
Sadar Adalat...	1
Mehkma Khas	1
Total								19

Criminal Courts.

21. The Hakims in the District or Hakumat Courts commit cases beyond their powers to the Sadar Adalat and the latter likewise to the Mehkma Khas.

22. The number of criminal cases filed during the year was 355 which, with 412 cases pending from last year, numbered 767 cases against 689 cases in the preceding year. The number of cases disposed

of was 328 against 277 in the previous year and the closing balance was 439 cases.

23. The number of persons involved in these cases was 866. The number of persons remaining to be tried at the close of the year was 409.

Appellate Courts.

24. Appeals from the Hakumat Courts lie to the Sadar Adalat and from the latter to the Mehkma Khas.

Appeals in Criminal Cases.

25. 62 appeals in criminal cases were preferred during the year viz. 43 in Mehkma Khas and 19 in Sadar Adalat.

26. 31 appeals were disposed of by the Mehkma Khas and 11 by the Sadar Adalat.

27. The number of appeals pending at the close of the year in Mehkma Khas was 12 and in Sadar Adalat 8 against 7 and 3 respectively in the preceding year.

28. Out of 31 cases disposed of by the Mehkma Khas, decision of Lower Courts were confirmed in 7, modified in 18 and proceedings quashed in 6 cases.

29. In 11 cases disposed of by the Sadar Adalat, decisions of the Lower Courts were confirmed in 7, modified in 1 and proceedings quashed in 3 cases.

Civil Justice.

30. There are in all 19 Civil Courts in the State as detailed below:

Courts.	No.
District or Hakumat Courts ...	17
Sadar Adalat ...	1
Mehkma Khas ...	1
Total ...	19

31. Appeals from the Hakumat Courts lie to the Sadar Adalat which also hears cases upto any value and those from the latter court to the Mehkma Khas which is thus the highest judicial tribunal in the State and exercises full powers of revision and control over all the subordinate Courts.

Original Civil Suits

32. The total number of civil suits that came up for disposal by the various tribunals of the State was 465 against 523 last year and the number disposed of was 160 against 196 in the preceding year.

33. Out of 138 civil suits filed during the year, 5 cases pertained to landed property 119 to money transactions, and the remaining 14 to other rights.

34. The average duration of each contested suit in the Sadar Adalat was 20 months and 13 days against 11 months and 20 days last year whereas in the Hakumat Courts 2 months 9 days against 4

months and 11 days in the preceding year.

35. The number of fresh applications for execution of decrees which were brought on to the register during the year under report was 62 which, with a balance of 352, from last year brought the total to 414 against 429 in the preceding year. Of these 72 were executed against 77 in the last year leaving a balance of 342 applications at the close of the year.

Applications for
execution of
Decrees.

36. The total of civil appeals in the Mehkma Khas (including those pending from the previous year) was 52 against 27 of last year; the number disposed of was 5 against 4 and the closing balance was 47 against 23 in the previous year.

Appeals in Civil
Suits.

37. The total number of appeals in the Sadar Adalat was 24, the number disposed of was 14 and the closing balance was 10 against 7 of last year. The orders of the lower courts were confirmed in 7, reversed in 6, and amended in 1 case.

38. The average duration of each case in appeal was 5 months and 7 days and 8.39 months respectively in the Mehkma Khas and Sadar Adalat.

39. The State has Extradition Treaty with the British Government and an understanding on the subject with Marwar and Bikaner.

Extradition.

40. During the year under report one person was extradited to this State by the Thar Parkar (Sind) authorities. One person was extradited to Marwar by this State and one by Marwar to this State.

41. There is one jail at the Capital and there are 16 Lock-ups at the head quarters of the Hukumat.

42. There are separate quarters for male and female prisoners in the Central Jail. It was under the supervision of the Superintendent Sadar Adalat and the sanitary arrangements were looked after by the Medical Officer, Jaisalmer. The conduct of the prisoners was generally good and the sanitary arrangements were satisfactory.

43. In the beginning of the administrative year the number of prisoners was 27 which, with 29 fresh admissions during the year made a total of 56 inmates. The average daily strength was 27.43 against 27.95 in the preceding year.

44. 22 prisoners were discharged on the expiry of their sentences, 6 were released on the auspicious occasion of birthday anniversary of His Highness the Maharawal Sahib Bahadur. No prisoner died in the jail. The number at the close of the year was 28.

45. The total expenditure incurred under the head 'Jail' was Rs. 2,784 against Rs. 2,135-14-0 last year.

46. The average period of the accused under trial was 13.35

days against 12.98 in the preceding year.

Registration.

47. Registration is not compulsory in Jaisalmer except on sales of immovable property. During the year under report 22 documents were registered as in last year. The value of documents registered was Rs. 4,350/ against Rs. 6577-13-0 in the preceding year.

Sanitary
arrangements.

48. There are no Municipal Committees or Corporations in the State. The sanitary arrangements are looked after by local officials.

49. There was sufficient supply of water in Gadsisar and in the wells in the villas adjoining it. Suitable arrangements were made to see that drinking water was not contaminated.

CHAPTER IV.

Precarious
character of
seasonal rains on
which depends
local yield.

50. No perennial streams run in Jaisalmer, and wells, as a rule are too deep to be utilised for irrigational purposes. The yield, therefore, depends entirely upon seasonal rains i. e., on a factor which is beyond administrative control, which is freakish in its character and erratic in its course, which remains an uncertain, and unknown and an unknowable quantity almost to the end of the financial year, and which not infrequently, rudely upsets such calculations as might have been based on an assumption of its reliability. Deficiency of rains is almost a normal condition and its failure implies simply a difference in degree. The habits, the pursuits, the avocations, the customs, the tradition and the breeding of the bulk of the people are such as may be calculated to obviate the possibility of deficiency or failure of rains resulting in any general or widespread distress.

Recuperative power
and adjustment to
surroundings.

51. The recuperative power of the State and its people, that have lived from centuries past, and under such abnormal conditions is enormous. One is seldom likely to find such an economic, physical, moral and mental adjustment to the surroundings as is to be seen in Jaisalmer. This adjustment is the result of the long standing struggle against Nature, in which man has come out top. It testifies to the success with which he can adapt himself to his surroundings. It acts as a palliative and modifies, almost nullifies, the effects of deficiency or failure of rains, which in other parts, where the popular life is not so well adjusted and the popular mind not so well attuned, would result in serious and widespread distress.

Economic
Adjustment.

52. Local production is, because of the precarious character of the monsoon and absence of other irrigational means never a dependable quantity and even in the best of years it meets only a fraction of local demand.

Local demand and
how it is met.

53. The markets which supply more than 3/4th of the local demand are those of the Punjab and Sind ; for, local production, even in fairly good years, seldom exceeds 1,00,000 maunds. The average for the past ten years works out at 1,17,459 maunds. The deficiency is

made good by the stock in hand and by imports.

54. The prices of food grains vary, as a rule, with those obtaining in aforesaid markets. The other factors which affect the prices are the sufficiency or otherwise of local rains, the consequent increase or decrease in local production, and the enhancement in good years, owing to larger influx, or reduction in bad year, through greater exodus, in the local demand.

Factors which go to determine the prices of food-grains.

55. The bulk of the people depends for its subsistence on the rearing of cattle. There are tribes who live throughout the year in the open and who could go, even without water, for days together. Their life is simple, and their wants are few. Their luxuries are confined to a quid of tobacco, occasional pulls from the ubiquitous Hukka and a friendly and fraternizing exchange of opium. A song or a dance, to the accompaniment of a drum or a flute, constitutes the height of their enjoyment. They are rude, they are rough and ready; but they are hospitable. They are kind at heart and one, who has had occasion to live with them, feels that their mode of life is not altogether without its amenities.

Mode of life, habits, pursuits, physical and mental adjustments.

56. The wealth of the people, in general, who live a semi-nomadic life, and move about with their cattle from place to place consists of sheep, goats, camels and milch cattle. Besides, therefore, the natural forces of birth and death, migration is the principal factor, which more than anything else, contributes to the growth or the diminution of population, and the gain by influx or the loss by exodus varies with the sufficiency or otherwise of seasonal rains. Scarcity or famine (terms which could not have the same significance here as is attached to them in more favoured parts) is hardly a factor which might be calculated to accelerate death and thereby cause a permanent reduction in the population of the State. A large portion of the people, at the first signs of the failure of rains, emigrates with their live-stock and herds of cattle, to the adjoining provinces of Sind, and to Bahawalpur, where they can find pasturage for their animals and where a great demand for labour exists. This migration, on a smaller or larger, scale, according as the rains have been good or bad, is, in fact almost an annual event. Even in comparatively good years, as soon as the rains are over and the harvests gathered in, a portion of the people emigrates mostly to Sind and Bahawalpur, to supplement their earnings. They however, return to their homes in Jaisalmer with money in their pockets and with, in several instances, increase in the members of their family due to births, when the rainy season asserts itself. It is a reciprocal arrangement with the adjoining portions of Sind and Bahawalpur, for, the pastoral tribes of those places live partly there and partly pass a portion of the year in Jaisalmer. Migration, therefore, is a necessary condition of life. It serves an economic purpose. In years of deficient rainfall it reduces the local demand and thereby eases down prices. In years of failure of rains, it reduces the possibility of starvation to a minimum. It gives greater staying power. It supple-

Migration.

ments local earnings. It saves cattle, which as said above, constitutes the wealth of the people in general. It is one of the most important factors which act as palliatives and which go to adjust local life to local conditions.

Rainfall and
yield.

57. The administrative and the financial year of the State commences on the 1st November and ends on the 31st October, and as the Kharif harvest is usually gathered in by the end of November and Rabi sowings commence, as a rule, in that month, the out-turn of any given year depends on the rainfall of the preceding year.

Rains during 1935-
36 on which
depended the
yield of the year
under review.

58. Seasonal rains in 1935-36 on which depended the out-turn of the year under report were a little better than last year, the average of the State being 5.97 inches against 5.08 inches in the preceding year. The Rabi and Kharif out-turns were estimated at seven and six annas in the rupee respectively.

The Rains during
the year under
review and esti-
mates of next year's
yield.

59. The rainfall during the year under review was better than what it was in the preceding year. The average for the State worked out at 7.08 inches against 5.97 inches last year. The Rabi and Kharif yields for the next financial year are estimated at one anna and three annas in the rupee respectively.

Approximate
yield in maunds.

60. The approximate yield of cereals was greater by 70,000 maunds as compared with the preceding year (1,71,000 maunds against 95,000 maunds last year.)

Prices of food-
grains during the
year.

61. The import of cereals was greater than that of the preceding year by 17,743 maunds. The prices of staple articles of food—viz. Wheat, Bajri and Jowar—did not show much variation during the year.

Import Traffic.

62. The total of import showed an increase of 25,785 maunds as compared with similar figures of the last year (1,79,414 maunds against 1,53,629 maunds last year). The increase was mainly due to greater imports of Bajri-Jowar, and Rice which accounted for 20,475 maunds and 2,054 maunds respectively.

63. The number of animals imported as compared with the last year, was less by 1,502 heads (3,170 heads against 1,668 heads last year).

64. A reference to Appendix XXVII will show that there was an increase of 20,475 maunds under head import of Bajra-Jowar, 2,054 maunds under Rice, 1,468 maunds under Sugar, 644 maunds under Oils and 347 maunds under Cloth.

65. The principal items of export are ghee, wool, hides, stones, clay, grinding mills, goat-hair carpets, camels, bullocks, sheep and goats. As compared with the preceding year and the average of the past 20 years, the export of articles this year showed increase of 28,254 and 22,313 maunds respectively. The increase was mainly attributable to greater exports of 1,304 maunds of Ghee and 6,924 maunds of Wool,

911 maunds of hides, 273 maunds of goat-hair carpets and bags, 2,938 maunds of clay and 7,200 maunds of bones.

66. The export of animals as compared with the preceding year and the average of the past 20 years also showed an increase of 55,984 heads and 40,025 heads respectively.

67. The total of import and export traffic showed an increase of 54,039 and 40,846 maunds respectively as compared with the similar figures of the last year, and the average of the past 20 years. The total traffic of import and export of animals also showed an increase of 57,486 heads and 41,781 heads respectively as compared with the figures of the preceding year and the average of the last 20 years.

68. The approximate value of import and export trade was Rs. 15,38,950 and Rs. 24,59,189 respectively.

Approximate value
of imports and
exports

69. Similar figures for the last year were Rs. 14,39,208 and 9,99,191 respectively. Thus the value of import and export trade as compared with the preceding year was greater by Rs. 99,742 and Rs. 14,59,998 respectively. The value of import was greater than that of export by Rs. 9,20,239.

70. The balance of trade at the close of the year under review was again, owing to larger exports, in favour of Jaisalmer.

71. Jaisalmer depends largely for most of the necessities of life on import from outside. The bulk of the trade is with the Punjab and Sind via Daharki and to some extent, with the United provinces. It is generally via Daharki that necessities of life are imported into the State.

Trade Routes.

72. The traffic with Marwar, Bikaner and some other parts of Rajputana such as Beawar etc. and with Gujrat and Bombay, is generally via Barmer and Phalodi.

73. Pack camels are obtainable on hire in fairly large numbers at Daharki; but they do not, as a rule, ply from the middle of April to the middle or end of July on account of excessive heat. They commence plying from August; but the traffic during the monsoon—August to October—via Daharki is comparatively small. It is brisk during the cold season i. e. in November, December, January and February and to a certain extent, in March.

Variation in the
value of traffic at
different seasons

74. The traffic via Barmer and Phalodi is, on the other hand, brisk during the hot season—April to July i. e. during its partial suspension with the Punjab and Sind via Daharki.

Traffic via Barmer
and Phalodi.

75. The transport of goods from Daharki to here, by road, takes about 15 to 20 days and nearly the same time is spent in ordering or arranging with the agents and transport by rail. So it takes about

Time taken up in
transport, distribu-
tion, etc., of goods
by rail and road
via Daharki

5 to 6 weeks before the goods can reach here and their distribution in various pergunas also takes time, for, the State covers more than 16,000 square miles and the population, though sparse, is spread over that vast area. It will thus be seen how essential it always is to have a sufficient stock in hand of the necessities of life.

Time taken via
Barmer and
Phalodi.

76. The goods that come via Barmer and Phalodi (in Marwar) take less time in transport by road as these stations are comparatively nearer than Daharki.

77. The following statement will show, at a glance, the principal articles of import and export and the quantities in which and the place from and to which they were imported and exported during the year under report:—

L. R. Sikund,
Dewan, Jaisalmer State.

78. From what has been said above it will be seen that cessation any time of continuous and normal flow of traffic would, for Jaisalmer, mean economic strangulation and would, if prolonged, jeopardise the very existence of the State.

Tariff Rates

79. The rates of tariff are given in Appendix XXVI.

Route from here
to Khanpur in
Bahawalpur State.

80. The Capital is situated almost in the centre of the State. The principal trade route from here to Khanpur in Bahawalpur State is via Shri Mohangarh, Nachna and via Dewa and Buili. There is also a direct track to Bahawalpur from Bap via Nokh, but it is not used now for transport of goods.

Routes to Daharki.

81. The routes to Daharki from the Capital are via Ramgarh and Tanot via Khuiala. Here is also a direct track to Khairpur via Ghotorn and Shahgarh, but it is not much used at present for transport of goods.

Route to Thar
Parkar in Sind.

82. There is a route via Khabha and Mayajlar which leads to Gadro and Chhor in Thar Parkar District (Sind).

Route to Ramsar
and Ghaghrio.

83. The route via Lakhan leads to Ramsar and Ghaghrio stations on Jodhpur Railway between Barmer and Gadro.

Route to Marwar
and Bikaner.

84. The route to Barmer goes via Devikol and Binjorai and that to Phalodi via Bap and Pokran and that to Bikaner via Bap and Nokh.

Imports from
Sind, the Punjab
Marwar, Thar
Parkar and
Bikaner.

85. The total quantity of goods imported from Sind, and the Punjab via Daharki and Khanpur was 1,24,493 maunds, that from Thar-Parkar 8,527 maunds, that from Marwar 44,975 maunds and that from Bikaner 1,419 maunds.

Exports to Sind,
the Punjab, Thar
Parkar, Marwar
and Bikaner.

86. The exports via Daharki were 15,013 maunds, via Marwar 36,916 maunds, to Thar Parkar 1,112 maunds and to Bikaner 826 maunds.

Industrial
Enterprise

87. There is very little of industrial enterprise in the State. The use of machinery is unknown. Among the chief manufactures of the State may be noted country cloth, woollen blankets, which very much resemble English home-spuns, camel-hair carpets, rugs and goat-hair bags—all woven by hand looms. Camel saddles and mill-stones are also manufactured and exported. The stone work turned out here is unique in design and beautiful to look at, but the prices charged are, owing to lack of competition, very high and so very little of it is exported.

State grass reserves

88. The State maintains reserve of grass in Nagar Kantha, Dewa and Khaba Hakumats. As regards storage of grass by the State, the balance as stated in the last year's report was 20,953 maunds to which 6,698 maunds were added during the year under report. The total

quantity stored was 27,651 maunds. The balance at the close of the year deducting 6,483 maunds consumed during the year, was 21,168 maunds.

89. There are extensive grazing grounds in Jaisalmer State. The condition of agricultural stock was good throughout the year.

Pasturage and
condition of
agricultural stock.

90. As regards the necessity for periodic migrations and the purpose they serve, a reference is invited to paragraph 56 above. There was no abnormal immigration or emigration during the year under report.

Migration.

91. The total expenditure under the Public Works Department was Rs. 23,383 against Rs. 26,410 last year.

Public Works
Department.

92. The contract for the sale of the country liquor was given to distillers for Rs. 3,126 during the current year.

Excise.

93. No Coins were minted during the year.

Mint.

94. There is one Government Post Office in the State and it is situated at the Capital.

Post office.

CHAPTER V

95. The receipts and disbursements of the State were both in Akheshahi and Kaldar. The average rate of exchange between the two currencies was, for the year under review, Rs. 168-7-0 equal to Rs. 100/ Kaldar and the financial statement (Appendix XXII) has been worked out accordingly.

Revenue and
finance.

96. The ordinary receipts for the year amounted to Rs. 4,71,933 against Rs. 3,44,584 last year. The increase of Rs. 1,27,349 was due to rise under the heads Customs, Revenue Grazing tax on Foreign Cattle and Miscellaneous which accounted for Rs. 69,800, Rs. 12,219, Rs. 3,501 and Rs. 40,781 respectively.

Ordinary Receipts.

97. The ordinary expenditure amounted to Rs. 3,47,050 against Rs. 2,80,592 last year. The increase of Rs. 66,458 was due to greater expenditure under the heads Jail, Military, Hakumats, Printing Press and Miscellaneous which accounted for Rs. 648, Rs. 331, Rs. 1,423, Rs. 1,549 and Rs. 8,044 respectively.

Ordinary Ex-
penditure.

98. The ordinary receipts thus exceeded the ordinary expenditure by Rs. 1,24,883.

99. The extraordinary income of the State was Rs. 67,804 against Rs. 53,716 last year. The increase of Rs. 14,088 is mainly due to rise under the heads Mal and Recovery of advances which accounted for Rs. 6,645 and Rs. 6,676 respectively.

Extra-ordinary
Income

100. The extraordinary expenditure was Rs. 74,308 against Rs. 53,822 in the previous year. The increase of Rs. 20,486 was mainly due to the greater expenditure under the heads ' Library, New Advance,

Extra-ordinary
Expenditure.

School Building and Jaisalmer House at New Delhi ' which accounted for Rs. 248, Rs. 20,818, Rs. 1,248 and Rs. 13,375 respectively.

Total of ordinary
and Extraordinary
Receipts and
Expenditure.

101. The total of ordinary and extraordinary Receipts was Rs 5,39,737 against Rs 3,98,300 and that of expenditure was Rs 4,21,358 against Rs 3,34,414 last year or in other words the total of Receipts was greater than that of expenditure by Rs 1,18,379. The closing balance was thus, taking into view the average rate of exchange between the two currencies (Kaldar and Akhehshahi) raised from Rs 12,99,949 to Rs 14,18,328.

102. As the State has to incur, at times, expenses which could not be foreseen or provided for in the budget, it is essential to maintain, as far as possible, a decent balance in hand.

CHAPTER VI.

103. There is one Hospital and Dispensary in the State It is situated at the Capital.

Patients treated

104. The total number of patients who sought medical relief during the course of the current year was 11,362 against 8,522 in the preceding year.

105. The figures are compared below:-

1936-37			1935-36		
Out-door	In-door	Total.	Out-door	In-door	Total
11,341	21	11,362	8,495	27	8,522

Expenditure.

106. The total expenditure in connection with the institution including Vaccination was Rs 8,474/ against Rs 9,092-11-8 in the preceding year.

107. Registration of births and deaths in the town is accurate as there is a separate establishment for the purpose and the work is supervised by the Mehkma Khas (Foreign Department.) In the districts, however, where the villages are few and far between, it is difficult to attain the same degree of efficiency.

108. The number of births registered during the year was 861 and deaths 711. Similar figures for the last year were 855 and 736 respectively.

CHAPTER VII.

Schools.

109. The State maintains a Public School. There are also Primary Schools at Bap, Mayajlar and Ramgarh to which grants-in-aid are given by the State. There is besides one other private School at the

Capital.

112. The total number of boys on the rolls of the above Institutions was 257 against 294 in the last year.

113. The annual examination of the State School was held in March 1937. Out of 102 students who appeared, 78 were successful and promoted to higher standards.

Result of
Examination.

114. Maharaj Kumar Sri Girdhar Singhji Saheb Bahadur received training in the Mehkma Khas for administration and judicial work and inspected several Hakumats work.

CHAPTER VIII.

115. 3 marriages were reported during the year, 2 among Rajputs and one among Charans, with no infringement of the Sabha Rules.

Walterkrit Rajput
Hitkarini Sabha.

116. The number of funerals was 3 and there was no case of breach of rules.

117. Rewards are offered by the Darbar for the destruction of mad dogs, wolves, snakes and piwanas (a species of snake whose breath is said to be poisonous). Rs 3 Akhehshahi viz Rs 1/12/- Kaldar were spent on this account.
